🪪 PROFILE

About me I am a curious and motivated person who enjoys understanding how things work,
breaking them (sometimes), and rebuilding them better. I am interested in technology,
entrepreneurship, and solving real-world problems through logic and creativity. If something works, do not touch it.
And yes i put Football in my hobbies and you might as how does it help me ?
It built the discipline i have today.

🎓 EDUCATION

Bachelor in Computer Science
Plovdiv University
09/2022 – Present | Plovdiv
Still studying in the Plovdiv University with Software Engineering. Honestly its hard juggling between work, university and private life but i guess thats what shapes you up

🧠 SKILLS

- C#
- .NET
- Relational Databases
- ORM
- AI & AI Automation

💼 PROFESSIONAL EXPERIENCE

Junior .NET Developer
Lead Consult
05/2025 – Present
Here the real work begin. I have been working on implementing real life solution on real software products. Learning is everyday and it doesn't seem it will ever end

Intern .NET Developer
Lead Consult
11/2024 – 04/2025 | Plovdiv
My first real collision with the world of software development. An amazing journey where i learned a lot but also broke a lot.. Definitely one experience to remember where i mostly learned about how the real world of programming looks like

🎸 INTERESTS

Football
Taught me discipline and not giving up on nasty bugs

Hiking
Keeps me sane i my day to day life

Programming
